

End User License Agreement (EULA)

IMPORTANT: READ CAREFULLY. This End User License Agreement is a legal agreement between you (either an individual or a single legal entity) and FORS33 for the FORS33 software products, which include computer software, compiled binaries, APIs, application interfaces, and associated electronic documentation. By installing, downloading, copying, accessing, or otherwise using any FORS33 software, you agree to be bound by the terms of this EULA. If you do not agree to these terms, do not install or use the software.

1. Grant of License FORS33 grants you a revocable, non-exclusive, non-transferable, limited license to download, install, and use the FORS33 software strictly in accordance with the terms of your designated subscription or access tier.

- **Free or Trial Tiers:** You are granted a license to use the software for evaluation, local diagnostics, or limited-feature utility as defined by the specific product documentation.
- **Paid or Commercial Tiers:** Upon purchase of a valid subscription, you are granted a license to use the advanced features, compiled binaries, and associated APIs strictly for your internal business or research purposes, bound by the limits of your purchased license key or token.

2. License Restrictions To protect the intellectual property, operational security, and cryptographic integrity of the FORS33 ecosystem, you shall strictly not:

- Decompile, reverse engineer, disassemble, or attempt to derive the source code of any compiled FORS33 binary or application.
- Modify, translate, or create derivative works based on the software.
- Share, distribute, rent, lease, or sub-license your proprietary API keys, JSON Web Tokens, or license credentials to any third party, unauthorized user, or public repository.
- Circumvent, disable, or tamper with the license server authentication protocols, billing systems, or local telemetry mechanisms.
- Use the software to construct a directly competing product or service.

3. Disclaimer of Warranties and Utility READ THIS SECTION CAREFULLY. FORS33 provides mathematical, cryptographic, computational, and diagnostic utilities. The software is provided "AS IS" and "AS AVAILABLE" without warranty of any kind. FORS33 DOES NOT PROVIDE LEGAL COUNSEL, FINANCIAL ADVICE, REGULATORY ADVICE, OR GUARANTEED COMPLIANCE WITH ANY LAW OR REGULATION. While specific tools may be designed to assist organizations in meeting technical, financial, or regulatory standards, the ultimate responsibility for compliance, data retention, risk management, and legal adherence rests entirely with you. FORS33 makes no warranty that the use of this software will prevent regulatory fines, financial losses, data corruption, audits, or legal penalties.

- **Live Telemetry and Third-Party Dependencies:** T3THR operates as a live network ingestion engine. FORS33 does not control, and is explicitly not liable for, the uptime, accuracy, rate limits, or connection stability of any third-party APIs, WebSockets, or Message Brokers (e.g., Kraken, Binance, Alchemy, Infura) configured by the user. FORS33 makes no warranty against data loss occurring during live network transit, connection severing, or local hardware resource exhaustion (e.g., Out-Of-Memory events or exhausted disk space).

4. Data Processing and Privacy FORS33 products are designed primarily around local, zero-trust architectures. Unless explicitly stated otherwise in a specific product's documentation, the software processes data, cryptographic hashes, and computations on your local hardware or controlled environment. FORS33 does not harvest, transmit, or store your raw files, proprietary datasets, source code, or financial data. Usage data collected by FORS33 is strictly limited to license verification, basic telemetry, and billing enforcement.

5. Limitation of Liability and Hold Harmless TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL FORS33 BE LIABLE FOR ANY SPECIAL, INCIDENTAL, PUNITIVE, INDIRECT, OR CONSEQUENTIAL DAMAGES WHATSOEVER. This includes, but is not limited to, damages for loss of profits, loss of confidential information, business interruption, loss of data, system failures, or regulatory fines arising out of or in any way related to the use of or inability to use the software. You agree to indemnify, defend, and hold harmless FORS33 and its creators from any claims, legal actions, or liabilities arising from your misuse of the software. The total liability of FORS33 under any provision of this EULA shall be strictly limited to the amount actually paid by you for the software during the twelve (12) months preceding the claim.

6. Termination This EULA is effective until terminated. Your rights under this EULA will terminate automatically without notice if you fail to comply with any term of this agreement or if your paid subscription expires or is canceled. Upon termination, you must cease all use of the software and destroy all copies of the binaries and your access keys.

7. Governing Law This EULA shall be governed by and construed in accordance with the laws of the jurisdiction in which FORS33 is legally established, without regard to its conflict of law principles.
